## ROONEY'S CALL FOR A RALLY

The Star hopes that our people will heed Secretary Rooney's call for a rally, and help out the people who are doing such good public road work in the south end of the county. These people are helping Ocala as well as helping themselves, and we will be helping ourselves in helping them.

## DISTRICT EPWORTH LEAGUE CONFERENCE

The Ocala District Epworth League Conference will convene in this city next Friday, lasting three days. Miss Eliza Wright of Orlando, who is the efficient secretary of this district, has arranged an excellent program in which seven state officers will participate. All the Christian workers of our city are earnestly invited to be present and encourage these young people in the good work they are promoting, "All for Christ." The young people will have charge of the meeting, a full program of which appears elsewhere. Give them a good attendance.

The Marion convict farms were visited by quite a disastrous fire two weeks ago and numbered among things destroyed was valuable machinery and the cane mill. Captain Purvis has just about completed the erection of a new mill and will shortly begin grinding cane which will last several weeks.

He will make friends wherever he may go.—Brooksville Argus.

## MR. A. J. LEVENGOOD MAKES A STATEMENT

To Fourth Ward Voters: Having been reliably informed that a party circulating a petition for signers for another candidate for alderman from the fourth ward, represented that I had withdrawn as a candidate for the same office, I wish to state to the voters, and especially those who signed my petition, that there was no authority given for any such statement.

I am in the race until the last vote is counted.

My views on the manner in which the city government should be conducted are expressed in the resolutions and recommendations passed by the Democratic Club, published in the Ocala papers.

I am emphatically and eternally opposed to the unjust and discriminating manner in which the city license tax operates against the poorer classes, and if elected I shall endeavor to always vote to give the rich and the poor equal treatment.

If these principles are not agreeable to the voters of the fourth ward they may better vote for someone else.

A. J. Levengood, Candidate for Councilman from the Fourth Ward, Ocala. 11-26-tf

## CONGENIAL COMPANY

Members of the Young Men's Democratic Club Had a Pleasant Meeting

The meeting of the Young Men's Democratic Club last night was well attended. Nearly all the members of the club were present, also a number of their friends.

A couple of hours were passed in conversation, smoking and listening to speeches. The club possesses a number of good speakers and it is both pleasant and profitable to listen to them.

About 9:30 "grab call" was sounded, and all repaired to the ante room, where one of the best informal feasts ever served in Ocala was spread.

There were several kinds of barbecued meat and a delicious slaw, beside a succulent hash (not hash made of left-overs, but first-hand as well as first-class hash) with bread and relishes galore; nor was the wherewithal lacking to wash these good things down.

A solid hour was taken to dispose of the feast and there was much left over.

The committee on refreshments who did its duty so well was composed of Messrs. Jim Engesser, Walter Pedrick and Andy Fausett, and Mr. J. M. Gates, the great barbecue expert of Anthony, prepared the feast.

## AN AUTO ACCIDENT

What came near being a serious accident happened on Fort King avenue opposite Mr. B. F. Condon's home early this morning. As Mr. W. V. Newsom, Jr., and his brother, Tinker, were coming down the street in their little Buick car, the driver of one of Mr. J. O. Dekle's delivery wagons, who was about thirty feet farther down the street, turned his equipage toward the left curb, and although Mr. Newsom threw on his brakes instantly and turned into the curb on the left side himself, the car and wagon crashed together. Fortunately no one was hurt. The car was badly damaged, the right hind wheel being wrenched off and the radiator and lamps were smashed. The wagon lost one wheel but the horse was unhurt. Drivers of all manner of vehicles should learn the rules of the road and there would be fewer accidents, less property destroyed and many times valuable lives saved.

## STRIVE FOR CLEANLINESS AND SANITATION

Now that the success of our fair has put Ocala in the limelight, let us all work together to place the city on a higher pinnacle. Why not make a reputation for cleanliness and sanitation? All get busy. Shine the windows in the business part of town as well as the residential part. Gather up the loose papers and old tin cans. Clean, sweep and dust as never before; and when the Christmas shoppers come among us, let them go away and spread the news that Ocala is clean from cellar to garret.—Civic Department of the Woman's Club.

## A STATEMENT FROM MR. CLIFFORD LIVINGSTON

To the Ocala Voters: In becoming a candidate for alderman at large in the coming city election to succeed myself, I wish to announce that I shall in the future, as in the past, be entirely independent in my actions. My sole object in wishing to be re-elected to that position is that I may serve the interests of the whole city. I am subservient to no clique or ring and have no personal axe to grind in the city council.

I am unalterably opposed to

1. Closing up the city's streets for the benefit of the A. C. L. or any other railroad;
2. Letting any other corporation furnish power for the municipal plants or to individuals in competition with these enterprises;
3. To any private individual or corporation owning public utility franchises;
4. To grossly under-assessing real and personal values.

I specially favor

1. More paved streets;
2. An adequate sewerage system as quickly as possible;
3. The filling in and development of what is known as the Taylor pond in the northern part of the city as a public park;
4. The removing of the A. C. L. freight depot from the city's public thoroughfare;
5. The extension of the water works and electric lights to accommodate all taxpayers within the city limits;
6. The opening of meat markets in any portion of the city when petitioned by the citizens representing any particular section;

The assessment of actual values on city property, both real and personal, and a reduction of the millage.

If these declarations of principles appeal to the voters of the city and my services in the past on these lines meet your approval, I shall appreciate your vote at the December city election. C. M. Livingston. 11-26-tf dly
